

### Market Round Up

Yesterday after initial volatility, domestic indices continued their upward journey and managed to close above 10600 levels. Short covering coupled with buying support was seen in auto, banking, capital goods, cement and metal sector that helped nifty to rally by almost 80 points from day's low of 10560 and finally it closed with gains of 40 points.

- Fresh long positions were initiated in banknifty fut. whereas nifty fut. saw short covering from lower levels. Banknifty fut. added almost 11% shares in OI and closed with premium of 40 points.
- Unwinding of short positions was seen in metal, power, cement, auto and nbfc sector. Stocks like shreecem, jet airways, kotakbank, dabur, mgl and acc saw short covering in yesterday's trade.
- Buying interest was seen in banking, capital goods and infra sector. Major long accumulation was seen in stocks like apollohosp, ujjivan, justdial, siemens, godfryphl and colpal.
- Mothersumi, nbcc, pcjeweller, icicipruli, yesbank and idea were some of the stocks that added short positions.

On back of subdued Asian Indices, domestic markets are expected to open on flat note but on lower side will find strong support around 10550-10520 levels and can see pullback from there. However, on higher side call writing at 10700 will act as stiff supply zone for indices and move towards those levels can be used to book profit in trading longs whereas put writing at 10500 will prove as short term support for nifty.

### Recommendation

Script	Action	Initiation	Target	SL
FEDERALBANK	BUY	Around 78.50	83	76.90
SAIL	BUY	Around 64.50	68	63
