

Daily EQ Trend

19th June 2026

Technical Outlook

Nifty (24,168.00): Index heads towards 100 EMA levels.

Nifty 50 extended its winning streak, gaining 82.30 points to close at 24,168.00. Healthcare, Realty, and Financial Services sectors led the gains, while IT witnessed mild profit booking and ended lower.

Technically, the index is approaching its 100-EMA near 24,221, with the broader trend remaining positive. A decisive close above 24,200 could trigger fresh buying interest and pave the way for further upside. However, short-term momentum indicators on the hourly chart have entered the overbought zone, suggesting the possibility of some consolidation or profit booking.

On the downside, 24,000-23,900 remains an important support zone. Strategy: Accumulate on declines near 24,000 with a medium-term target of 24,800-24,900.

Bank Nifty (57,963.80): Bank Nifty Extends Gains; Momentum Remains Strong

Bank Nifty continued its strong upward momentum and tested the 58,000 marks, gaining 378.75 points to close at 57,963.80. Banking heavyweights such as State Bank of India, HDFC Bank, and Axis Bank have emerged as key outperformers and continue to support the rally.

Technically, the index is poised for a fresh breakout above 58,000, which could trigger an up move towards 59,000. On the downside, 57,000 and 56,500 remain important support and demand zones.

The RSI is placed at 70.97, indicating strong bullish momentum and suggesting the potential for further upside in the near term.
