21 Aug 2026

Technical Outlook

Nifty (24,231.85): Index registers Doji.

Nifty 50 witnessed a gap-up opening and regained strength, closing above 24,200 with a gain of 0.64% at 24,231.85.

Media, Realty, and Private Banks led the gains.

Technically, the index formed a Doji after the recent correction, with 24,300 acting as the immediate resistance. The index has also reclaimed its 50-day SMA, indicating improving momentum.

A decisive close above 24,500 would confirm a regain of strength and could trigger further upside. For now, we expect the index to remain range-bound between 24,000-24,500.

Bank Nifty (57,495.90): Index consolidates in range.

Bank Nifty gained strength and closed above its 50-day SMA, rising 0.45% to 57,495.90.

Market breadth remained positive at 8:5, with Kotak Bank and Axis Bank leading the gains.

Technically, the index continues to consolidate within a range while holding above the key 57,000 level. We reiterate our positive bias and believe a decisive move above 58,600 could trigger a fresh leg of rally. Bias remains bullish with stock specific long bets.

Support: 57,000

Resistance: 58,600
