

Weekly EQ Trend

24 Aug 2026

Technical Outlook

Nifty 50 (24,252.00) – Witness support near 24000 mark.

Nifty 50 traded with high volatility and registered a weekly low of 24,025.65, ending the week lower by 0.47% near the 24,200 mark. Metals, Realty, and Private Banks remained in focus.

On the weekly chart, the index continues to respect the 24,000 support and consolidate within a range. A decisive breakout and sustained move above 24,500 could trigger a bullish breakout and fresh upside momentum.

The daily and weekly moving averages remain positively aligned, with the rising 50-day SMA supporting the broader structure. We maintain a positive bias and expect a breakout sooner or later.

Stocks to Watch: HDFC Life, Kotak Bank, Eternal, Power Grid, and Grasim.

Bank Nifty (57,761.95) – Index consolidates in range.

Bank Nifty regained strength, rising 0.47% to close at 57,761.95. Kotak Bank, Federal Bank, and AU Small Finance Bank witnessed buying interest.

On the weekly chart, the index is approaching a stiff resistance zone, while 57,000 remains the key demand area. The weekly RSI at 54 indicates healthy momentum.

A decisive breakout above 58,000 could trigger a range breakout and open the way towards the 60,000 marks. We maintain a positive bias and recommend adding longs on declines.

Stocks to Watch: Kotak Bank, AU Small Finance Bank, SBI, and ICICI Bank.

NIFTY Metals (13,172.60) Bounce from demand zone.

The Metal Index has formed a strong base near 12,400 and triggered a bullish breakout, gaining 1.78% during the week.

The weekly chart indicates the potential for a fresh breakout above 13,200, which could pave the way towards 13,900–14,000 levels. Moving averages and momentum indicators remain positively aligned, supporting the bullish outlook.

We maintain a positive bias and recommend using declines to re-enter long positions.

Stocks to Watch: Hindustan Copper, Hindustan Zinc, Vedanta, and Jindal Steel.
