25th June 2026

## Technical Outlook

### Nifty (24,021.65): Index bounce from demand zone.

Nifty 50 rebounded sharply from the demand zone and formed a strong bullish piercing pattern, indicating a solid comeback by the bulls. The index gained 197.55 points to close at 24,021.65. Sectorally, Realty, IT, and Pvt Banks witnessed buying interest and outperformed the broader market.

On the daily chart, the index has formed a strong bullish candle, while the hourly chart suggests a high probability of the index moving towards the 24,200 marks. We continue to maintain that a decisive move above 24,200 could trigger a fresh buying rally of another 500 points.

The broader market structure remains bullish, and any short-term decline should be viewed as a buying opportunity. Traders can focus on stock-specific opportunities in the Hotel, Realty, and PSU Banking space.

### Bank Nifty (58,150.35): Index forms Engulfing bullish pattern.

Bank Nifty registered a strong bullish engulfing candlestick pattern and surged 966.60 points, closing above the 58,150 marks. Market breadth remained positive with an advance-decline ratio of 12:2, led by heavyweight stocks such as HDFC Bank, ICICI Bank, and State Bank of India.

For the upcoming trading session, the price action suggests a continuation of the prevailing uptrend, with the index likely to head towards the 59,000-59,200 zone. The RSI oscillator is also trending higher and approaching the 70 level, reinforcing the positive momentum.

We maintain a bullish bias hence any decline towards the 57,800 zone should be viewed as a buying opportunity as the broader structure continues to remain constructive.
